

Year 12 Human Geography

Subject and Year Group	Autumn Year 12	Autumn 2 Year 12	Spring 1 Year 12	Spring 2 Year 12	Summer 1 Year 12	Summer 2 Year 12
Topic/Unit to be studied	Changing Places <ul style="list-style-type: none"> Nature and importance of places Relationships and connections Skills Place studies 		Changing Places <ul style="list-style-type: none"> Place studies Urban Environments <ul style="list-style-type: none"> Urbanisation Urban forms 		Urban Environments <ul style="list-style-type: none"> Issues with urbanisation Urban climate 	
Core Knowledge and skills	Endogenous and exogenous Global, national and local connections Relationship between places Character of place		Economic, social, technological growth of urban areas. Strategies to manage change Policies Sustainability		Patterns of wellbeing Attitudes of populations.	
Synoptic Links	NEA and CP – perception Hazard perception Lived experience of an event		Place studies - NEA		Urbanisation and water . - flooding	

Year 12 Physical Geography

Subject and Year Group	Autumn Year 12	Autumn 2 Year 12	Spring 1 Year 12	Spring 2 Year 12	Summer 1 Year 12	Summer 2 Year 12
Topic/Unit to be studied	Coastal Systems <ul style="list-style-type: none"> • coasts as systems, • landscape development, • coastal management, quantitative and qualitative skills, NEA Practice <ul style="list-style-type: none"> • Harrogate study 		Coastal Systems <ul style="list-style-type: none"> • Holderness coast case study and Sundarbans case study NEA <ul style="list-style-type: none"> • Fieldwork and write up 		NEA <ul style="list-style-type: none"> • Fieldwork write up Hazards <ul style="list-style-type: none"> • Nature of hazards and hazard perception 	
Core Knowledge and skills	Research skills for NEA Systems and processes Marine processes		Changing coastline Relationship between time, landforms and processes. Investigation skills, research, presentation and evaluation of data.		<ul style="list-style-type: none"> • Presentation and write up skills, evaluation and conclusions • Nature of hazards and hazard perception 	
Synoptic links	Systems in coasts, water and carbon Climate change link to Carbon cycle in Y13 Harrogate link to local place in changing places.		Skills crossing from human and physical. Water and carbon and Sundarbans, changing in the future.		Perception of places (CP) and perception of hazard (H)
